

## **Providence Classical Christian School Athletics Letterman Jacket Guide**

### **Who gets to order Letterman jackets?**

All Providence high school students are encouraged to order a Letterman jacket and other Providence apparel to show their school pride. Any high school student may order a jacket. We have two jackets to choose from at different price points and a varsity sports bag from National Achiever and a Letterman sweater from Reformed Clothing. You do not need to have lettered in a Varsity sport, music, band or drama to order the jackets, sweater, or bag. Please see additional flyers for information on ordering sweaters and varsity bags.

### **What is a Varsity letter?**

All Providence athletics teams (in addition to several non-sports groups, teams, and clubs) offer a Varsity letter. Each team has a lettering standard, which explains how you letter. At the beginning of each sport's season, lettering standards will be provided for you to communicate how you can earn a letter.

### **Where do we get the letters, jackets, patches, etc.**

One of our current vendors is National Achiever. You can set up an appointment to visit their showroom, try on the jacket to best fit you, be able to look at all of the options and customize your jacket to reflect your achievements. You can also visit their website and order online if you prefer. We recommend purchasing jackets in person to ensure every detail is just right.

National Achiever: 425-357-1338, [www.nationalachiever.com](http://www.nationalachiever.com)

### **What are my jacket options?**

We do have some basic standards for jackets for them to be considered part of the school uniform. Choose Providence from the "Pick Your School" drop down menu on the National Achiever site to get started. If you have any questions, please do not hesitate to ask.

- School Set Colors: Navy, White
- Jacket Body: Navy
- Sleeves: White
- Sleeve Script: Providence (right) and Highlanders (left)

### **What patches go on my jacket?**

One of the fun things about owning a Letterman jacket is telling your high school story. You can put just about anything on it you want. Some patches you will get from Providence include:

- The "P" – Students will receive a commemorative P letter patch after participating in their first high school sport, music, band or drama at Providence. When you order your jacket, you will receive a P patch for the left front of your jacket. (Note: The commemorative patch is not suitable for affixing to your jacket, put it in your scrapbook.)
- Sport/Activity patch – All athletes will be given a sport or activity patch upon completion of their first season in each sport. The sport patch gets placed on the P and signifies that you participated in that sport. You can also get larger sports patches for the arms.

- Varsity lettering bars – As student-athletes earn Varsity letters, they receive gold bars to signify as such. The gold bars get placed inside the P next to the sport patch.
- Additional patches – There are all kinds of different patches students can earn or purchase. Some popular ones include a captain's patch, WIAA academic patches, All-League patches, gold stars (signifying special awards or achievements), State honors or placements, honors patches, graduating year, etc.
- Name – Your last name is traditionally added to the back of the jacket in script. Your first name (also in script) is traditionally placed on the right front of the jacket opposite the P patch.

### **When can I wear my Letterman jacket?**

Letterman jackets are considered school-branded outerwear. Accordingly, they can be worn on Fridays but cannot be worn during the school day on other days. In addition to Fridays, they can be worn on other special dress days that are announced by the faculty. Letterman jackets can always be worn to and from school like any other coat.

Letterman sweaters can be worn during the school day over any other uniform shirt. They may not be worn on formal dress uniform days.

### **What other tips or suggestions are there?**

- If you are hesitant on what to order, take a look around online at what others are wearing. See what you like before making final decisions.
- Letterman jackets are quite expensive and take some time to be made. Plan ahead. These are great Christmas and birthday presents but you should give yourself plenty of time to go through the ordering process.
- Call up the experts at National Achiever to get advice. Better yet, make a trip to the store so you can see more examples in person while talking to the experts.
- Kimberly Knudsen (kimberlyknudsen@pccs.org), Director of Student Life and Lisa Sandeno (lisasandeno@pccs.org), Marketing Director are available resources if you need extra advice or help. Coaches and fine arts directors are also a great resource as many of them wore letter jackets themselves. More than anything, we hope you are proud to be a Highlander. We hope this jacket is a snapshot of your high school experience and something you will keep for a very long time. Please let us know if you have questions or need help.
